WHOLESALE TRADE LIST
SPRING, 1957

Mentor, Ohio

TO OUR CUSTOMERS

Our aim is to supply the finest stock of plants and shrubs. We at Springbrook Gardens appreciate the confidence you show by placing your orders with us and we will do our utmost to warrant that confidence.

Planting seasons are of necessity very short and we **GREATLY APPRECIATE RECEIVING ORDERS IN ADVANCE**, either for later shipment or to be called for. We ship promptly at planting time or on any date specified. All plants are carefully packed and should be removed from the box and planted without delay.

The prices named in this list cancel all previous lists.

GUARANTEE. We guarantee any plant we sell to be true to name and any Nursery stock that may prove untrue to name we will replace or refund original amount paid. If plants are received in good condition by the customer our responsibility ceases. We cannot replace stock lost by causes over which we have no control. Claims for any cause must be made within five days after receipt of stock.

SHIPPING. Please give shipping instructions. If no instructions are given we will forward to the best of our judgment, without assuming responsibility. Plants become your property upon delivery to transportation company and we cannot be responsible for loss, damage or delay in transit. We ship Motor Freight only at customer's request as in our experience this service is not dependable.

TERMS: 2% discount 10 days from date of Invoice. 60 days net with interest at 6% per annum to be paid after maturity. If credit has not already been established with us, kindly send satisfactory references.

SPECIAL NOTICE: Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers. We try to limit our wholesale trade prices to those whom we know are entitled to receive them.

PACKING AT COST.

Three of any one variety are sold at the Six rate. Twenty-five or more at the hundred rate.

GROWING PERENNIALS

We are convinced that the direct cause of many failures in growing plants has been the disregard of the natural tendencies and requirements of the plants being used. Some plants thrive in dry sandy soils, some in moist sandy loam, some in rocky situations, while others want very rich damp soil.

In their native haunts some grow in dense shade, others like the diffused light of scattered forest or mountain side while still others want the broad sunlight. To disregard their preferences and natural habitats is to fail miserably in their cultivation. We are confident that the plants we supply will in every instance give satisfactory results if care and good judgment are used in their planting and cultivation.

OUR AIM

We believe that the best way to build a lasting and pleasant business is to produce the best plants possible and to sell them at a reasonable price.

When you receive a shipment of plants from **SPRINGBROOK GARDENS**, they will be carefully packed, all of an even grade of the very finest quality, freshly dug from the fields. Throughout the flowering period, we go through our nursery removing any plant that is not true to name. At digging time when your order is filled, we use only plants which come up to our own exacting standards.

To maintain high standards, the income per acre is reduced but we know that prices must be reasonable to encourage larger plantings of our products. We depend a great deal on our customers recommending our products to others who are interested in flowering plants.

Your continued good will is essential to our continued success.

Boxing and Packing Charges

All boxing will be charged at cost.

Extra charge for potted plant material which is not listed in pots in catalogue.

Balling and Burlapping

All plant material which should be moved B&B is so marked in the catalog and the cost of balling is included in the price. Any material not so marked can be supplied B&B at 35c extra per plant.
